

15 OCT 1958

Mr. Leon Davidson  
64 Prospect Street  
White Plains, New York

Dear Mr. Davidson:

This will acknowledge and thank you for your letter of September 26 wherein you refer to a previous letter of July 3, 1958.

A search of our files does not disclose your letter of July 3rd, and I am referring your letter of September 26 to Major Tacker of the Office of Information Services, United States Air Force, for further action.

I believe the Air Force is the executive agency and, to the best of our knowledge, the only government agency qualified to speak on the subject of unidentified flying objects.

Sincerely,

*[Signature]*
